\*We will not allow anyone to pay for classes before this night. If you can't be there and if you don't have someone to take care of this for you, your student's name will be erased from the list and the 1<sup>st</sup> person on the waiting list will be moved into that spot. We also need you there to listen to announcements.

\*Classes offered by new teachers must have checks made out monthly only.

\*If you are writing 8 checks, be sure to date the first check for September 1 and the last check dated April 1. Bring enough checks; we can not hold classes due to not enough checks.

\*Be sure to write your child's name and the name of the class in the bottom left hand corner of each check.

\*Yes, if you have two children taking classes with the same teacher, you may write one check for both classes, but be sure to write both children's names and classes at the bottom of the check.

\*The above fees should be made out to the individual teachers and turned in at payment night. This fee does not cover books or any materials used in classes.

\*If you sign up and pay for a class, you are entering a contract with that teacher showing that you will pay for that class for the entire 30 weeks of our tutorial. Please honor that agreement.

\*Note: There is a \$25 charge for any check that is returned to us with insufficient funds. If this happens, we ask that you pay in cash on future transactions.

\*Note: Please do not make one payment to each teacher if you think you may have to change them out to monthly payments later. There is a \$10 handling fee for changing out checks.
